Scrum Report-Out

The Ni(c)(k)S

Nickolas Schmidt, Nicolas Achter, Nikolas Lendvoy, Shayan Khan

January 14th 2020

Project Details

Eden Care on Demand

Home Care delivery service

Problem we are trying to solve

- Ability to provide home care to users through a mobile application opposed to previous methods (phone, email)

Gap we are filling

- Provide any client who needs home care with a easy method of ordering such service
-

Project Review

Previous Scrum Comments

Home Care delivery service

Recent progress

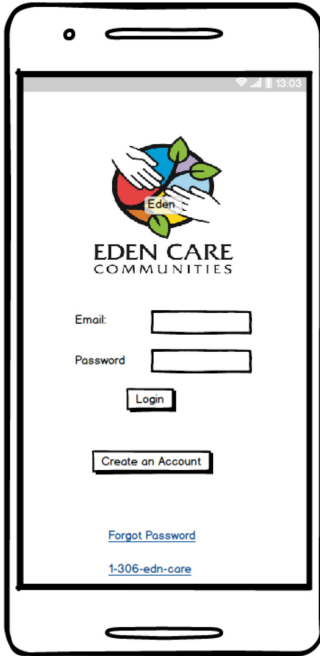

- Balsamiq high-fidelity prototypes (approved by client)
- Database implementation (AWS)
- UML Class Diagram outlining all parts of our project
- Project folder/ hierarchy created with progress in both front/ back end development
- Improvements to our FRD

Prototypes: Customer

Login Page

The login page features the Eden Care Communities logo at the top, which consists of a circular emblem with hands holding a globe and the word "Eden" in the center. Below the logo, the text "EDEN CARE COMMUNITIES" is displayed. The page includes input fields for "Email:" and "Password:", a "Login" button, and a "Create an Account" button. At the bottom, there are links for "Forgot Password" and "1-306-edn-care".

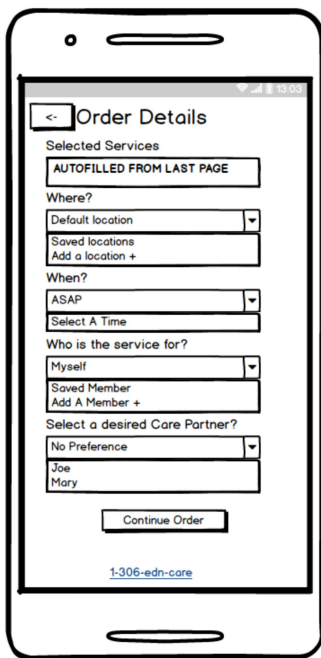

Service Selection

The service selection page is titled "Order A Service". It features a "Select Required Services" section with a dropdown menu showing "Service 1" and a list of "Service 2" through "Service 6". Below this, there are fields for "Selected service description:", "Selected service price:", and "Add Selected Service". The "Selected services" section shows "Service 1" and "Service 5" in a list. At the bottom, there is a "Continue Order" button and the Eden Care Communities logo with the text "EDEN CARE COMMUNITIES" and "1-306-edn-care".

Prototypes: Customer

Service Summary

A mobile app prototype for the 'Service Summary' screen. The screen is titled 'Order Details' with a back arrow. It contains several sections: 'Selected Services' with a text box 'AUTOFILLED FROM LAST PAGE'; 'Where?' with a 'Default location' dropdown, a 'Saved locations' list, and an 'Add a location +' button; 'When?' with an 'ASAP' dropdown and a 'Select A Time' button; 'Who is the service for?' with a 'Myself' dropdown, a 'Saved Member' list, and an 'Add A Member +' button; and 'Select a desired Care Partner?' with a 'No Preference' dropdown and a list containing 'Joe' and 'Mary'. At the bottom is a 'Continue Order' button and a phone number '1-306-edn-care'.

Group Reflection

1. Are we on track?

No, we need to work more on coding/implementation. Our planning, ideas are still theoretical at this point

2. Any Barriers to success?

Procrastination. We need to start spending more time on this project

3. Questions or Concerns?

We require both an Android and iOS device
