Shayan Khan
March. 10th 2020

Project Details:

What are we doing?

- Health care ordering service for elderly / people in need
- Creating a app to be used by customers, care partners and administrators for the process of ordering services and having said services fulfilled
- Working alongside Eden Care here in Regina
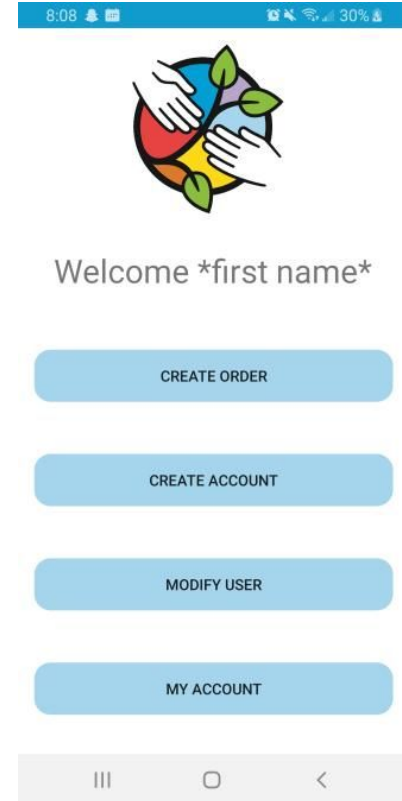

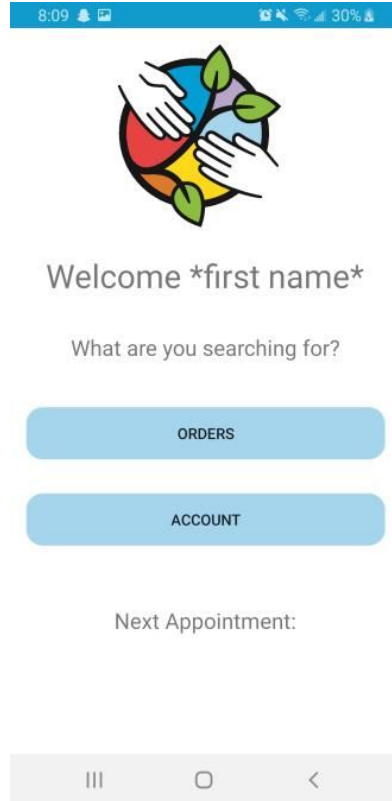

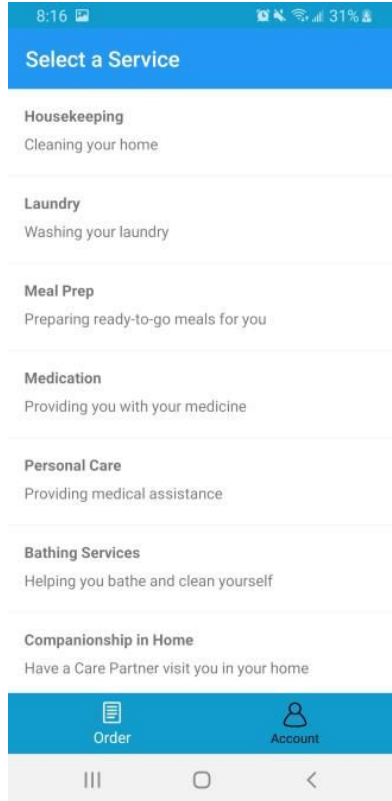

Project Overview

What have we been up to?

- Functionality on the customer side
- Fleshing out the flow for our Care Partner/ Admin views
- Full database integration into our application with test data
- Tracking our "tasks" using Trello (online Kanban board)
- Keeping out FRD up to date
- Testing Documentation
- https://github.com/shayanaijaz/ENSE-400-Project

Views: Customer, Care Partner, Admin

Group Reflection

Do you feel you are on track?

- Not entirely but we continue make and fulfill our weekly plans of completed work
- We need to focus on the core tasks our application needs to complete before spending time on secondary objectives

Do you feel there are any barriers to your success?

- iOS development
- Burnout?

Student Q/A
